Welcome to Brainy Birds Parrot Rescue & Rehabilitation

**All adoption enquiries via email only to Candice

Thank you for your interest in adopting one of our gorgeous feathered friends. You are taking the first step in welcoming them into your home and your heart.

To make sure everything runs smoothly for you and the bird, we have a very strict adoption process.

Our adoptions co-ordinator will be by your side, guiding you all the way.

A BIRD CHOOSES ITS NEW FAMILY. YOU DON'T CHOOSE THE BIRD!

Spending time at the sanctuary

Come meet the flock and our co-ordinator. She will introduce you to the birds which are ready for adoption and give you their backstory. Spend time at the sanctuary. It's important to get the necessary education on nutrition, cage setup and any training and care tips.

Getting ready to take birdie home

Each bird has its own adoption fee which can be discussed with the coordinator. Home visits will be required to make sure all is in order before paperwork is filled out
